## NETWORK OVERVIEW

### **QUALITY CARE YOU CAN COUNT ON**

As cost control becomes increasingly important in health care, the Dental HMO (DHMO) has emerged as the most cost-efficient Dental plan available. Similar to a Medical HMO, a DHMO consists of a network of affiliated dentists. You choose the dentist or dental center where you want dental services performed. All care must be done or arranged by this dentist or center.

DHMO general dentists place emphasis on preventive care to keep patients as healthy as possible, thus reducing more serious and more expensive services later. To ensure the highest quality of care, Guardian has developed a quality management program for monitoring the quality of the dentists enrolled in the network and the quality of care they provide.

Under a DHMO, there are no deductibles. However, some plans require the member to pay an office visit fee. Refer to your plan documents to determine if this applies to your plan. There also are no annual plan maximums or claim forms for the insured to complete.

### **HOW YOUR PLAN WORKS**

- You choose a Primary Care Dentist (PCD) from the participating General Dentists shown in the provider listing or online. The listing will include the PCD 6-digit ID.

- Your PCD agrees to perform all covered dental services for the insured patient. Referrals to specialists are permitted only if the services required are beyond the scope of the general dentist's abilities. Members are responsible for sharing the cost of their treatment by making co-payments for each office visit, if applicable, and for most non-preventive services.

In order for specialty services to be covered by your plan, the specialty referral process must be followed:

- (1) Your PCD must coordinate all of your dental care.
- (2) Your PCD must contact First Commonwealth (FCW) to request authorization. If the treatment is approved, you will be contacted by FCW and instructed to schedule an appointment.
- (3) A member who receives authorized specialty services must pay all applicable patient charges associated with the treatment.

**PLEASE NOTE:** If you receive services from a specialist without obtaining FCW approval, you will be responsible for payment of the charges associated with the treatment.
