

Virtual enrollment made easy

Simple solutions to engage today's virtual workforce

Simplifying the complex

It's likely that your clients are relying on you more than ever to help them navigate this new, virtual workplace environment. When it comes to benefits enrollment and communication, we've got you covered. We can help you and your clients holistically plan for enrollment with simple, relevant, and engaging benefit content and technology that employees can access where, when and how they choose.

Solutions that work

- **VoluntaryWorks™:** Virtual enrollment program facilitated by licensed benefit counselors offering multi-carrier and medical plan guidance. Uniquely developed for groups with 25-500 employees, it offers efficient and effective results.¹
- **Nayya and Jellyvision guided decision making tools:** Virtual enrollment tutorials provide employees with personalized benefit recommendations based on their unique attributes and lifestyle.
- **Guardian Enrollment powered by Flock:** Comprehensive enrollment solution for employers with 50-3,000 employees who want a single digital enrollment experience for all of their benefits, including medical. This self service solution enables employees to take advantage of decision support tools like VoluntaryWorks and Nayya.
- **Live or recorded educational presentations:** Interactive and engaging webinars that offer employees group-specific plan information, answer questions about their benefits, and directly links them to their enrollment platform.
- **Benefit communications:** A range of digital options including videos, email, web content, and text messaging to engage your client's diverse employee needs.
- **Technology partnerships:** Deep operational integration and real time EOI with a variety of benefit administrators, enrollment firms, and benefit technology providers. We can work with your preferred technology or provide affordable options that can work for you and your clients.
